

TEACH

Tutoring English to Advance Change
That All May Be One

2020 FACT SHEET

TEACH provides free one-on-one English literacy education to adults with English language barriers. While other agencies assisting immigrants responded to COVID-19 restrictions by shuttering their doors, TEACH's mission drove us to continue proactively serving limited English-speaking immigrant communities, who are being disproportionately affected by the current health crisis. Although in-person instruction was suspended, TEACH made a commitment to engage students virtually and assist them with accessing needed resources.

1 mission:

Through free individualized English instruction, we work toward systemic change in society by empowering students to effectively communicate and advocate for themselves and their families. We work to ensure the inclusion of those who are typically vulnerable or marginalized. **TEACH strives to build cultural bridges and foster unity while respecting diversity.**
